SEDALIA, MISSOURI, MONDAY EVENING, JULY 2, 1894.

PRICE, FIVE CENTS.

SHOPS SHUT DOWN.

Sedalia Gets a Blow From the Pullman Boycott.

DISPATCHERS LAID OFF.

And the Yard Force Under Yardmaster Grow Will Be Reduced Fully One Half.

SITUATION ELSEWHERE.

The Outlook For An Early Settlement of the Troubles is the Reverse of Bright Today.

The Missouri Pacific shops at this point were today ordered closed for a period of nine days, this being one of the results of the Pullman boycott.

In addition, the train dispatching force was also temporarily reduced, as the few freight trains now being moved by the company do not require the usual force of dispatchers; and, further, the yard force will be cut down one-half before the supper hour.

While the suspension of work at the yards is for nine days, it is said it depends almost wholly upon the strike situation. Should the labor troubles end tomorrow it is almost certain that work would at once be resumed in the shops. Should the strike extend beyond the nine days, however, it is generally believed that the shops will remain closed until an amicable settlement is had, be the period long or short.

Division Superintendent Stillwell stated this morning that so far there was no trouble whatever here. The men in the company's employ are doing their work as usual and he does not anticipate trouble.

General Yardmaster Dan Grow stated at 11 o'clock this forenoon that before night he expected to receive orders from headquarters to reduce the yard force one-half. This will include switchmen and engineers and firemen who run switch engines.

The temporary large abandonment of freight traffic makes it necessary to reduce expenses to the minimum, the company officials

say, and wherever an employ can be dispensed with he will be dropped until the trouble is settled.

A telegram was received in Sedalia during the forenoon saying that the Wabash road was tied up from end to end, and Agent Berry is not selling tickets over that line today.

Stock and perishable freight of all kinds is being refused for shipment both by the Missouri Pacific and the M., K. & T. roads at this point.

It was reported today that Missouri Pacific passenger train No. 6, which arrives from Kansas City at 10:25 a. m., would be abandoned between Sedalia and St. Louis after today, but Superintendent L. D. Hopkins stated this afternoon that it was news to him. Continuing Mr. Hopkins said:

"I do not look for trouble either here or in Kansas City. The men all talk right. They have contracts with the company, they say, and propose to live up to them. I do not know, of course, but I do not look for the trouble to spread to any great extent over our system."

Division Roadmasters Pat Sheehan, of Holden, and A. Manley, of Lexington, are here today. They have not been instructed to reduce their respective forces as yet, but expect an order to that effect if the trouble is very prolonged. At present an unusually large force of trackmen is employed along the entire system, and if a reduction is made it will probably be a sweeping one.

In addition to laying off a passenger crew, referred to elsewhere in the DEMOCRAT, the M., K. & T. today dropped between fifteen and twenty operators along the line, about equally distributed between day and night men. Samuel Irvin, superintendent of car service for the M., K. & T., left

for Parsons this morning, but it is understood that for the present there will be no reduction in the shop force here.

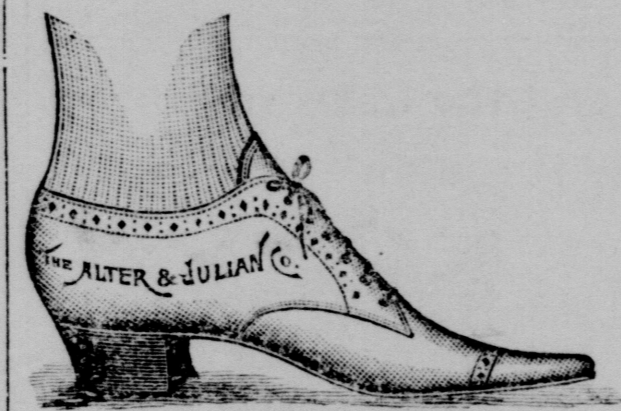

John W. Conner, commercial agent for the M., K. & T., stated this afternoon that stock shipments were taken through to St. Louis yesterday, but there is no telling whether this will be the case tomorrow.

Situation in Missouri.

It was rumored that all the members of the American Railway Union in Kansas City would strike at noon yesterday, but the strike did not materialize. The Rock Island sent no passenger trains out, not because they could not be manned, but for the reason that the company expected the stalling of the trains at some point out of town. All trains on the other lines arrived and departed as usual.

The Santa Fe road people announced that they would resume freight traffic today, which will in a measure test the strikers' position to the utmost. If the road succeeds in moving its freight trains it will go a long way toward defeating the ends sought by the strikers. The latter speak confidently, however, of their ability to maintain an unbroken front, and hold that the Santa Fe cannot get the assistance

necessary to carry out their purpose.

Typographical Union, No. 80, of Kansas City, met yesterday and adopted resolutions sympathizing with the American Railway Union and lending to the strikers moral encouragement. A secret meeting of leaders of several organizations was held during the afternoon, but it is impossible to secure an inkling of what transpired. It is believed, however, that steps were considered looking to a spreading of the movement among the engineers and conductors. The leaders positively refuse to give out any information. The grand chief of the Telegraphers' brotherhood has notified the members of that organization on the Santa Fe not to strike.

A mass meeting of railroad men and citizens was held at Slater, on the C. & A., yesterday, and it was agreed that if the Chicago and Alton could procure men to run the four passenger trains no opposition would be made. Gen. Joe Shelby sent twenty United States marshals to Slater from Kansas City to protect the United States mails. They arrived at 6 p. m. The employees will pull the mail cars if the Pullmans are cut off.

W. E. Gray, general superintendent, and Lew Hawkes, superintendent of air brakes, are on their way from Bloomington on an engine run by themselves. They will make an effort to run the passenger trains, but it will be useless unless they bring men with them to man the train. The regular mail trains from the west and east were allowed to go through yesterday and carry the passengers, but no more passenger coaches will be moved. Everything is quiet.

The strike has seriously affected the Hannibal and Decatur branch of the Wabash. All freight trains were abandoned at Hannibal yesterday, and the day passenger from the east was five hours late. The southbound "Twin City" express on the Burlington had no Pullman

yesterday, but the northbound train had one as usual. The Burlington is still receiving Chicago shipments, with the exception of perishable articles.

About eighty car loads of stock are at Marshall awaiting shipment to St. Louis and Chicago. The railroad will not take them. The large poultry house is closed, at a great loss. Fifteen deputy marshals were sworn in Sunday and sent to Slater.

The General Situation.

Sunday's record of the A. R. U. strike was comparatively free from violence and demonstration, which seemed to be promised by Saturday night's riots about Chicago.

The nearest approach to a riot was the stoning of a Fort Wayne passenger train at West Pullman, forcing the train crew to abandon the Pullman coaches.

The arrests of the day were few—three at Blue Island, Chicago, and one at Decatur—all on charges of interfering with the mails.

One of the most significant actions in connection with the strike was the ordering out of troops by Governor Altgeld to Danville and Decatur, Ill., to protect property and preserve the peace. Riotous demonstrations in connection with the Wabash strike were such that the local authorities could not keep order.

In Colorado the federal troops have been ordered to Trinidad. General Schofield issuing the order to General McCook, after a conference with the president and Attorney General Olney.

The administration, on representation of railroads, has appointed Edwin Walker, attorney of the St. Paul road, to assist United States Attorney Milchrist at Chicago in prosecuting offenders against the postal laws.

Vice President Harahan, of the Illinois Central, attacked George M. Pullman's policy in a conference at

Chicago.

The tie-up on the Wabash, which had been in force at Decatur for twenty-four hours, was partially broken last night, passenger trains being made up to carry out the passengers who had been strike-bound there during that time.

It may be renewed today all over the system, President Debs having ordered a general strike on all Wabash lines, adding in his circular letter that the men on all lines would stand together.

St. Paul is threatened with a meat and vegetable famine as a result of the strike, and Oklahoma cities are about out of ice and beer.

The noticeable feature of the spreading of the strike was the organization of a strong A. R. U. division in Philadelphia.

The wreck of the Rock Island train at Blue Island Saturday night effectually blocked all business and passengers were obliged to remain all day yesterday, suffering untold hardships.

Refused to Obey Debs.

The following message was received yesterday at Fort Dodge and Cherokee, Ia.:

To all Employees.

CHICAGO, Ill., June 30.—All Chicago and Pacific lines have struck to enforce the Pullman boycott. Take same action, and all men will be guaranteed full protection, irrespective of organization. Form a committee and send the chairman's name to us. It is not necessary to have money at present; they can settle when they can get it.

E. V. DEBS.

Engineers and firemen of this division immediately sent Mr. Debs the following reply:

To E. V. Debs, Chicago.

"CHEROKEE, Ia., July 1.—At a meeting of the engineers and firemen of the Cherokee division of the Illinois Central company, held at Cherokee July 1, it was resolved that the engineers and firemen of

SERIOUS TROUBLE.

The Governor of Illinois Orders Out the Militia.

THE MARSHALS CAPTURED

A Big Mob Gathered at Blue Island—New Men Employed at Chicago.

Special to the DEMOCRAT.

CHICAGO, July 2.—The strike here is growing more serious every hour.

Four hundred United States deputy marshals who had been appointed to protect the mails have been captured by a mob of two thousand strikers and strike sympathizers at Blue Island, and Governor Altgeld has ordered out the Second regiment of state militia with instructions to go to the scene of action at once. Serious trouble is feared.

A dispatch from Danville, Illinois, says the militia has not reached that place yet and at noon all trains, passenger and mail, are in the hands of the strikers.

The Chicago passenger trains on nearly all of the roads started out with new men and nearly on time.

A mob is gathering on the Burlington tracks on Western avenue and the police have been called for.

Serious disturbances are feared, as the authorities are determined to protect the new men and prevent lawlessness if possible.

MAY VOTE TUESDAY.

The Senate Will Probably Act on the Tariff Bill Tomorrow.

WASHINGTON, D. C., July 2.—The senate today entered upon the fourteenth week of the tariff debate. It is expected the vote, previous to returning the bill to the house, will be taken before the adjournment tomorrow night. There is no agreement to this effect, but democratic and republican senators generally express the opinion this can be accomplished. They say the end could have been reached last week but for the loss of two days, Monday and Saturday.

The democrats made an effort to secure an agreement to fix Tuesday as the day for the vote, when the arrangement was made on Friday for the Saturday holiday, and would have succeeded but for the fact that the republicans did not wish to put themselves in the attitude of in any way conniving at the passage of a bill which they have so strenuously opposed. There is, however, no disposition to longer postpone final action on the bill, and republican senators generally appear as anxious as the democrats to have the bill disposed of in time to permit an adjournment over the Fourth.

Speaker Crisp is seeing that the decks are kept clear in the house of representatives for the return of the tariff bill. This accounts for the failure of the rules committee to agree on any definite programme of bills to be considered during the coming week. The legislative business is merely drifting, as there is no desire to tie the hands of the house by set speeches, which might interfere in this body in consideration of the tariff bill when it comes over from the senate.

The expectation of Chairman Wilson and other ways and means members is that the tariff bill will pass the senate on Tuesday, but it is not believed the official notification will come to the house before Thursday. The first move, when the bill is reported back, will be a formal motion by Mr. Wilson that it be referred to the ways and means committee. It is expected this reference will be made without objection. The tariff bill will be retired to the secrecy of the committee for some days, but Representative Bryan stated today that two days ought to suffice for such work as the committee would do. In that case the disagreement of the house, and the submission of the bill to conference, may occur Friday or Saturday of the coming week, although this would be exceptional dispatch.

A NEGRO LYNCHED.

He Was Hanged By Callaway County People.

HE ASSAULTED A WOMAN

Two Years Ago, But She Never Told of the Crime for Thirteen Months Afterwards.

Last Saturday night John R. Reynolds, of Guthrie, Callaway county, Mo., accompanied by his deputy, Taylor Wilson, was on his way to Fulton from Cedar City, having in charge James Johnson, colored, who was charged with committing criminal assault upon the person of Mrs. William King, near Guthrie, during the absence of Mr. King, who was at that time attending the Mexico fair, in August, 1892.

Mrs. King was left at home with a small child and Johnson. Mrs. King, it is alleged, said nothing about the crime to her husband or any one else until thirteen months ago. A warrant was issued a few days ago by the justice of the peace of Guthrie township, charging Johnson with criminal assault.

The constable having Johnson in charge was met at Hiller's creek in a deep gulch nine miles southwest of Fulton by about 100 men, who presented their guns at the constable and his deputy and told them to keep quiet. Two men jumped into the wagon and placing the regular hangman's noose over Johnson's head and adjusting it carefully about his neck drove the wagon under a large sycamore tree by the roadside, threw the rope over a projecting limb, secured it safely and drove the vehicle from under him.

Constable Reynolds and deputy then drove to Fulton and notified the sheriff and coroner, who went to the scene of the crime Sunday morning. There was only one witness examined before the coroner's jury and that was Constable Reynolds. After hearing his testimony the jury rendered a verdict to the effect that James Johnson came to his death by hanging at the hands of unknown men. The mob, it is supposed, came from the vicinity of Guthrie, and wore masks to conceal their identity. The

thetic strike, which retards business development and injures thousands of people who know nothing of the Pullman controversy and never saw the inside of a Pullman car.

The same spirit of intolerance which manifested itself in the persecution of Quakers and Baptists in New England and later in the alien and sedition laws and later still in the know-nothing movement, is extant in this country and must be combated at the polls. The fanaticism that would deprive the members of a certain sect of the rights of citizenship would speedily turn against another when that was disposed of, and go on curtailing the liberty of religious worship until, with the survival of the strongest, we should have an established church.

The progressive republican journals of the west are refusing to follow their party on the money question and their utterances serve to show that the g. o. p. is hopelessly at sea as to what it really believes on the subject. The Kansas City Journal, the organ of the republicans of western Missouri, demands a platform squarely in favor of the free coinage of silver at the ratio of sixteen to one. The Gazette, the organ of republicans of Central Missouri, says: "Money is a highly useful agent. Its primary value need have little significance." Thus does the g. o. p. contain the single gold standard advocates, the free coinage defenders and the fiat money agitators, and when they come together at Excelsior Springs the fur will fly.

NO LAWLESSNESS. The president of the American Railway Union has promised that there shall be no lawlessness in the present strike.

Fortunate will it be for the order and its members if this promise can be carried out.

No strike can win by lawless methods. Whenever the contest becomes one of force organized society will win. History proves this.

Every interference with the property of another, every attempt, by force, to prevent another from working for a railroad company, will invite the defeat of the strike.

Hence no one is more interested than the strikers themselves in protecting property and preserving the public peace.

This is a difficult thing to do in times of great excitement, such as exists in many places at this time.

There is a lawless, criminal element in every large city, and nothing pleases this element better than to involve peaceable working men in conflicts with the officers of the law.

Many of the acts of lawlessness in all strikes are committed by reckless men who have no direct connection with the strike.

But, unfortunately, the acts of such men bring reproach upon the working men who are seeking to peaceably gain the end they seek.

In the present strike every effort should be made to prevent violations of law, and the law-abiding working men should be swift to assist in bringing to punishment any and every offender who shall in their name commit such wrongs.

Information for Eckels. WASHINGTON, D. C., July 2.—Most of the 3000 or 4000 national banks of the United States were engaged Saturday in furnishing information asked for by Comptroller Eckels. Some days ago the cashier of each national bank in the country received a circular letter inclosing a blank form for reply, and each bank was asked to give the proportions of gold, silver, gold certificates, silver certificates, treasury notes, checks, and other instruments of credit deposited on "settling day" by retail grocers, butchers, clothiers, furniture dealers and fuel dealers. Some few banks have given this information, but in Washington, and in most other cities and towns of the United States, "settling day" is June 30.

Drowned at Nevada. From Jas. E. McCormick, who was at Nevada yesterday, the DEMOCRAT learns that a cornet player belonging to Irwin Bros.' circus was drowned in the artesian lake there last night. He was bathing and was taken with cramps.

A Saloon Closed. The Lodge saloon, owned by James Handley and Frank McAlister, was not opened for business this morning, but it is said the closing will be only temporary.

THE CHAUTAUQUA.

An Immense Attendance on the Lord's Day.

NO ADMISSION CHARGED.

Prof. Scott's Lecture on "Bimetallism"—Prof. Crawford's Effort on "John Huss."

The gates of Association park were thrown open to the public yesterday, no admission being charged. Large crowds attended the Sunday services both afternoon and evening, the programme being especially interesting and instructive.

Rev. Dr. Jesse L. Hurlbut, of New York, preached the forenoon sermon, taking for his subject, "The First Church of Christ." It was a most able discourse, but hundreds of people could not get near enough to the auditorium to hear the effort.

Vesper services were held by the Chautauqua circle at 5 o'clock, and at 7:30 Prof. C. C. Case led the service of song, with a chorus containing 250 voices. The evening sermon was preached by Rev. W. H. Crawford, president of Allegheny college, Meadville, Pa., who is universally conceded to be one of the ablest divines ever heard in Sedalia.

Today the attendance was again large, thus making almost certain the financial success of the eighth annual meeting.

At 9 o'clock Dr. Hurlbut conducted the normal class exercises, his subject being "Old Testament History," this being followed at 10 o'clock by the chorus drill, under the direction of Prof. C. C. Case, of Cleveland, Ohio. This latter is one of the especially interesting features of the daily meetings and a large attendance is always certain.

At 11 o'clock there was a large audience present to hear the lecture of Prof. W. A. Scott, of the University of Wisconsin, on "Bimetallism." The professor's lectures are always instructive and entertaining, and the effort of the forenoon commanded the closest attention of his auditors from beginning to close.

At 2:30 o'clock there was again a large audience to hear Dr. W. H. Crawford's lecture on "John Huss," the great Bohemian reformer.

At 4 o'clock the normal class will have a second lesson, Dr. Hurlbut instructing them on the subject, "The Laws of Teaching."

The closing features of the afternoon will be the round table talk, at 5 o'clock.

Tonight at 8 o'clock Prof. Roberts Harper, of London, will lecture on "Ireland," his remarks being descriptive of scenes in Ireland and the beauty of the country instead of political and religious questions.

OUTRAGE BY STRIKERS.

Alabama Miners Resort to Startling Deeds of Violence.

BIRMINGHAM, Ala., July 2.—Striking miners are charged with another dastardly outrage in their efforts to prevent the railroads hauling coal mined by non-union men. At 3 o'clock yesterday Watchman William McLain discovered a big bridge on the Kansas City, Memphis and Birmingham railroad near Adamsville on fire. Accompanied by his two little daughters, aged 9 and 12 years, whose mother only recently died, he hurried immediately to the scene. Just before reaching the fire a mob in ambush fired on him. McLain was shot through the side and legs, and, it is believed, fatally wounded. His 12-year-old daughter was fatally wounded in the hip and is dying.

McLain bravely returned the fire until he had exhausted his ammunition, and then, seizing his wounded child, fled. He managed to reach the section-house near by and aroused the men, who, armed with guns, hurried to the scene, but the mob, who were mounted on horses, had fled. The men managed by hard work to extinguish the fire after three sections of the bridge, which had been saturated with oil, were burned. Sheriff Morrow and a posse with bloodhounds arrived at Adamsville shortly after daylight and have been making every effort to run down the depredators, but so far without success. The number of men composing the mob is not known, but it is believed they come from some of the mines near by. This latest outrage has greatly intensified the feeling against the lawless element of the strikers.

CURE FOR THE WEAK.

To build up both mind and strength after grip, pneumonia, fevers and other prostrating diseases, there is nothing to equal Dr. Pierce's Golden Medical Discovery.

PROSTRATION FOLLOWED BY GRIP.

Mrs. REUBEN GARRETT, King George C. H., Va., writes: "I was taken with grip which finally resulted in pneumonia. I was prostrated for three months. Had a terrible cough and was emaciated and very weak. Was fast drifting into 'quick consumption.' The doctor gave me medicines all the while, but I grew weaker. He advised cod liver oil emulsion. I took two bottles of it without any result. I had pain in my left shoulder and back. I wrote you, and you prescribed your 'Golden Medical Discovery.' I took only one bottle before I felt better. After two bottles I could sit up, and felt I had been saved from the grave. I increased rapidly in flesh and strength."

WAS WON BY "JEFF."

The Score: Sedalia, 5; Jefferson City, 12.

LOST BALLS NUMEROUS.

A Description of the Worst Ball Field To Be Found on the Face of the Globe.

The Sedalia base ball team visited Jefferson City yesterday for the purpose of teaching the Capital City nine how to play ball. The players were accompanied by over eighty of their friends and admirers of the national game, and with shame and humiliation they saw the Sedalia nine succumb to inglorious defeat, the score at the end of the game standing 12 to 5 in favor of the rabbit hunters.

Sportsman park, where the game was played, is so called on account of it being filled with rabbit burrows and is a resort for the youth of the Capital City lads in winter, where they have rare sport in chasing cotton tails. In the spring time that portion of the park which is used for the diamond is turned into a potato patch and is a rare spot for raising early tubers. The outfield is cultivated in grass, brush, brambles and outfalls and is fringed with gullies and ravines, which rise to the dignity of miniature canons. On grounds of that description the game was played and in the first four innings the Jeff. City nine scored six runs on lost balls, the sphere being batted into hay-cocks, or shot Chinawards into the canons in the outfield.

The Jeff. City boys put up a good game on their native heath, and, being accustomed to the natural and acquired irregularities of the surface of the ball field, it is safe to say they can, on those grounds, whip the leaders in the national league, hands down.

Score by innings:
Jeff. City...1 2 3 2 0 2 1—12
Sedalia...1 0 0 2 1 0 0—5
Umpire, Edwards. Time of game, 2 hours. Base hits, 10. Two-base hits, Randolph, Norton, Griesshammer. Three-base hits, Swearingen. Home run, Griesshammer, on lost ball. Struck out, by Harrison, 10; by McSweeney, 3. Passed balls, Roach, 3; Lindsey, 3. Bases on balls, McSweeney, 3. Batteries, for Sedalia, Harrison and Roach; for Jeff. City, McSweeney and Lindsey.

CARS QUIT RUNNING.

The Machines Got So Hot They Had to Be Stopped Temporarily.

The power house of the Electric Railway, Light and Power Company of Sedalia was removed only a few doors from sheol yesterday—at least the employees so thought—as the thermometer denoted 126 degrees.

The machines became so hot that they had to be shut down at 6 o'clock for half an hour, and again at 8:30 for a like period, and in consequence a number of people walked in from Association and Forest parks, as they labored under the belief that the cars had ceased running for the night.

CORNERED A "CON."

He Demanded a Seat Before Giving Up His Ticket.

A west bound train had just pulled out and the conductor was harvesting tickets. All the seats were taken and several passengers were obliged to stand up. Among them was a diffident-looking, mild-mannered man, who, much to the conductor's surprise, refused to give up a ticket.

"When I get a seat you get a ticket," he remarked, mildly, but firmly; "you are probably aware that the company cannot collect fares from passengers whom it does not provide with seats."

"Oh, come now, that don't go; I want your ticket, see?" Thus spoke the conductor, in a tone that he believed would intimidate the mild-mannered man.

"No seat, no ticket," laconically observed the latter.

"We'll see about that," growled the conductor, who was becoming quite warm in the region of the collar.

"I would if I were you," remarked the passenger, still mildly, smiling pleasantly.

Then the conductor hustled around and finally found a brother conductor who was going up the road a ways, whom he induced to

give up his seat to the mildly firm passenger.

"There's a seat for you; now give me that ticket," said the conductor in a ferocious tone.

"Certainly, here it is."

And the mild but firm passenger handed out a pass.

A BUG IN HIS EAR.

And This Was the Reason Eddie Ferrell Yelled.

Eddie Ferrell, the 14 year-old son of Mrs. M. E. Ferrell, a widow who lives on the west side of Ohio street, between Seventh and Broadway, was unfortunate enough to have a bug fly into one of his ears about 1 o'clock Sunday morning.

The pain was such that he was almost crazed, and his cries for relief were heard a couple of blocks distant. He was taken to the office of Dr. A. H. Heaton, where medicine was used that killed the insect and later it was removed.

MUST BE PAID.

A Teacher Who Had to Bring Suit for Salary Due Him.

L. B. Smith, who was principal of the school at New Franklin in the year 1892, is holding a warrant against said school district, says the New Franklin Herald, which still remains unpaid.

It seems that during the above school year the fund of the district had been exhausted and the trustees issued a warrant in favor of Mr. Smith for his last month's salary. Shortly afterwards a new set of trustees were elected, and when this warrant was presented for payment, they said that they were not responsible for the action of the former board and had no right to appropriate the fund in their hands for the debts contracted by a former board.

Thus the matter has stood for some time, and Mr. Smith wanting the money that is due him, has gone to an attorney and will begin action immediately against the district, if some satisfactory compromise is not effected, and his attorney has notified the clerk of the board of such action. G. D. Gibson, present secretary of the board of trustees, was appointed by the board to confer with W. M. Williams, of Boonville, about the matter.

After a careful examination of the case allams has given out the opinion that the district is responsible for the payment of the warrant. He sets forth in his opinion that in the first place the board has no right to appropriate any of the money set aside for the teachers' fund for any other purpose than the payment of teachers, and if such was the case that the district would be held responsible for the board's action, and further that Smith was not responsible for any action of the board further than the discharge of his duties towards that body.

A Monster Blackberry Bush.

F. M. Alderson, who lives in Monroe county about five miles from Madison, brought to this city yesterday, says the Moberly Democrat, a blackberry bush which is among the tallest, if not the tallest, ever seen in this section. The two-year's stalk is eighteen feet and nine inches long and the stalk but one year old is twelve feet eight inches long. Several clusters of ripening berries are on the shrub.

A "Fake" Story.

The story to the effect that Judge Webb, of the district court of Atchison county, Kas.; recently granted an injunction to restrain members of a family from playing an organ, was a fake and originated with a reporter on a dull day for news. The story has gained widespread circulation.

You Need a Vacation.

Just a suggestion: Why not try the Rocky Mountains? No better medicine exists than the dry, clear, balsamic air of that region. Anywhere among Pike's Peak, or further into the range (like Glenwood Springs) will do. Did you whisper trout fishing? Yes, plenty of it, off the railroads, in secluded nooks. Camping out in tents, living in cottages or boarding at the big hotels—the cost is little or much, as you please.

OUR STORE

AIN'T A TEN-ACRE LOT!

No! no!! It is nothing more or less than the biggest thing in Sedalia or Central Missouri in the music line—and, well! yes! I say it—we are selling more goods, getting in more cash, more goods sold on monthly payments, and much more all round solid business than all the other music houses in Sedalia combined or separate. Freight bills talk—drafts and remittances are mighty good evidence and we are not running any *Ananias racket* or *Bluffing*. We simply do the business, and we do it right on the square. Our expenses are simply awful, so the other fellows say. Well, they are awful. Awful small for the amount of our business—and the fun of it is our expenses are paid in cash. We have no time for funny business—life is too short, so we put in our time, our best licks, and all we weigh or measure in height, length, breadth or muchness, attending to business at

As Cool as Shadows,
With the Freshest Fashion Thought.

Real Ideals.

See if we miss it.

Organadies,
Dimities,
Swisses,
Lawns,
Piques,
Duck,

Any sort of Dress Stuffs that the sultry season sets you thinking of.

10c Dimities—10c Organadies. Dainty hot weather stuffs, and among the quickest favorites. The airiness of the goods and the littleness of the price inspires the buying.

18c Challies, 10c.

Softness with strength, half-wool; light enough for the hot days, warm enough for the chilly evenings, handsome enough for afternoon.

Think of a 12-yard dress of such a stuff for \$1.20.

35c Printed Dotted Swiss, 12 1/2c.

The styles are last season—the maker missed a market. The cloth is fine and sheer, the printing French, and the price so absurdly small that it seems almost like playing store when we say 12 1/2c the yard.

Most all Wash Goods are reduced in price.

Dress Goods

The story is never told; can't be in type limit.

Out of the more than a thousand patterns on sale during the Great Dress Goods Sale of the last two weeks, we have less than thirty remaining. We want to close those this week, and will, for the price will not be in the way.

MURDERED BY THE REDS.

An Assassination in Leghorn Resembling the Murder of Carnot.

LEGHORN, July 2.—A crime somewhat resembling the murdering of President Carnot was committed in this city yesterday. As Signor Bandi, director of the Gazzetta Livornese, was entering his carriage at 8 o'clock in the morning, he was set upon by a man whom it was subsequently learned was an anarchist, who drew a knife and stabbed him in the abdomen. Signor Bandi was at once attended by physicians, who decided the only hope of saving his life was to perform the operation of laparotomy. This was done but Signor Bandi died a short time afterward.

Prime Minister Crispi was questioned in the chamber of deputies in regard to the murder. He stated that Signor Bandi had been stabbed and killed by an anarchist owing to the articles that had appeared in his paper against anarchism. Signor Bandi was a veteran soldier. He fought at Marshall and Calatimma. Several deputies followed the prime minister in speeches eulogizing the deceased.

The murder has caused a great sensation throughout Italy and the feeling against the anarchists has been greatly intensified. The blow delivered by the assassin caused the dagger to penetrate the liver, and the similarity of the wound to that which killed M. Carnot was remarked upon by the victim shortly before his death.

As yet the murderer has not been captured. He was seen after the deed to run to a carriage in which were sitting two men, who were apparently waiting for him. He jumped into the carriage, the horses were lashed into a gallop, and the three men escaped before any attempt could be made to stop them.

Indicted for Embezzlement.

ST. LOUIS, Mo., July 2.—The present grand jury has made its final report to the criminal court, and indicted Julius Wurtzbarger, Collector Zeigenheim's present chief deputy. Wurtzbarger, who is the fifth official in the present city collector's office to be indicted, is charged with embezzlement. He was arrested, but released on bail. The new grand jury will continue the investigation of the city collector's office.

Opened the Safe.

Deputy Constable Barnett today opened the safe of Will Parmerlee, the absconding attorney, to look for notes entrusted to him by the McCormick Harvesting Machine Co. The outer door was opened without difficulty, but Harry James, the locksmith, had to be called before the contents of the private vault could be scanned.

A Peanut Machine.

The Sedalia Candy Palace has the finest peanut machine ever brought to Sedalia. It cost \$200 and has all of the late improvements. Shackles & Boyst are determined to be in the lead in everything pertaining to their business, and the result is they have made it a success.

Splendid Programme Arranged.

There is no occasion for anyone leaving Sedalia to celebrate Independence day, as the Sedalia Military band boys have arranged a splendid programme of exercises for Forest park on that day.

The Moberly Team Coming.

A telegram was received from the manager of the Moberly ball club today saying the team would be here on the 4th to play a game with the Sedalias. The Hellrung & Grimm (Anchor) club, of St. Louis, play here on the 5th and 6th.

Home from St. Louis.

About one-half of the Knights of Father Matthew excursionists to St. Louis, over the M. & K., returned this morning and the remainder will return tomorrow. The management will clear something like \$200 by the trip.

City Council Tonight.

Mayor P. D. Hastain is home from Lancaster, Schuyler, where he addressed a republican meeting Saturday, and will preside at the regular semi-monthly meeting of the city council tonight.

On a Professional Visit.

Dr. F. J. C. Walker, of Herndon, Saline county, brother of Probate Clerk J. W. Walker, is in the city, on his way home from a professional visit to Clinton.

SHOPS SHUT DOWN.

Continued from First Page.

this division have no grievance against this division. We have always been well treated by the company. When grievances existed we have had them adjusted to our satisfaction. We do not work for the Pullman company, and think their strike unjust and uncalled for on the Illinois Central railway system. We propose to remain with our engines and the company, and will do our utmost to protect the company's property when called upon to do so." Signed by twenty-two engineers and firemen.

Filling Vacancies.

Several of the New York newspapers Sunday morning contained advertisements for railroad switchmen and train hands to work in railroad yards away from New York. Good wages were promised to good men willing to work and applications were asked to call on Charles Dodge, at the United States hotel. Hundreds called on Dodge during the day and the majority of them were hired.

He said last night that he was getting all the men he wanted, and that he expected to ship several car loads to Chicago, Milwaukee, Kansas City and other points west today. The place in which Dodge receives the applicants is the same used by the agents of the western railroads in the last great strike, and as New York is swarming with men out of employment, Dodge will probably have no difficulty in getting all the men he wants.

Railroaders say, though, that most of the applicants were of the genus tramp and were inexperienced men. This is not true—so Dodge says—and he adds that the men are all experienced that he will send away and that big wages will be paid and steady employment guaranteed.

Among the men engaged it is believed that a few are members of railroad unions, detailed by those organizations to get all the information available about this effort to replace the strikers.

Autocratic Power.

Six persons were yesterday given authority to tie up every Chicago industry. By a resolution adopted at the meeting of the Trade and Labor assembly the members of the executive committee were given absolute power to act in support of the boycott or the Pullman strike is settled.

The executive board of six members is given absolute power to act in its discretion. This action was taken after a long and heated discussion. It is said that the Building Trades council will discuss the advisability of taking similar action at a meeting to be held today. If these two organizations decide to order a strike, more than nine-tenths of the union workmen in Chicago will be idle in less than twenty-four hours.

Coach, Cab and Caboose.

Engineer Cliff Rogers is at McAllister Springs for a week's sojourn.

John W. Conner is today at his desk as commercial agent for the M., K. & T.

Conductor Sam Goddard is swapping yarns with the good people of McAllister Springs.

Walter B. Shirk will enter upon his duties as freight agent for the Missouri Pacific on July 10.

Orla Gatlin, cashier for the M., K. & T. at Houston, Texas, arrived in the city yesterday for a visit with his many friends.

Conductor J. H. Lafferty is running Hi Lewis' train during the latter's layoff, and C. Y. Lawrence is running Lewis' train.

Conductor John Bower left yesterday for Lexington to take Conductor Frank Mounts on the J. C. & B. L., while the latter is visiting in Illinois with his family.

Another passenger crew (Conductor Geo. Ferrell's) was taken off of the M., K. & T. between Sedalia and Parsons, today, leaving the work to be done by three crews in the future.

John W. Conner has been appointed joint commercial agent and local freight agent at this point for the M., K. & T., succeeding Walter B. Shirk in the former position at a salary of \$75 a month and expenses, while as freight agent he will draw the same amount of money, but no expenses are allowed. The appointment is looked upon as a splendid one.

The Letter Was a Forgery.

Yesterday an individual representing himself as a railroad man, and giving the name of Edward Dooley, and stating that he is a yardmaster of the Mexican Central Railway company at Calera, Mexico, presented a forged letter purporting to be signed by E. W. Jackson, general manager of that line,

Today's Police Court.

In the police court, this morning, the three men arrested Saturday night for fast driving had their cases continued until July 9th. Dan Cullinan and Pat Shea, for disturbing the peace, were fined \$5 each. Rudolph Kawatzer and Will Arnold were charged with drunkenness. The former had his case continued until July 5th and the latter was fined \$2. Frank Williams, W. W. Mitchell and W. H. Sanders, for late hours, were fined \$5 each.

Robbery at Lamonte.

Lon Luther is down from Lamonte today and reports the robbery of Carter's drug store there last Friday night. An entrance was effected by breaking a rear window, and the thief carried off a lot of razors, knives and toilet articles. As Lon says, "there is no clue, as usual."

TREASURY DEPARTMENT—OFFICE OF COMPTROLLER OF THE CURRENCY, WASHINGTON, D. C., May 10th, 1894.—WHEREAS, William A. Latimer, a National bank examiner, duly authorized and directed by me to examine the affairs of "The First National Bank of Sedalia," located in the city of Sedalia, county of Pettis and state of Missouri, has, after due examination of its affairs, reported to me that the said bank is insolvent, and being satisfied that the said bank is insolvent and unable to pay its just and legal debts;

Now, therefore, I, James H. Eckels, Comptroller of the Currency, in pursuance of the power and authority vested in me by law and under the provisions of section 1 of an Act of Congress entitled, "An Act authorizing the appointment of Receivers of National Banks, and for other purposes," approved June 30, 1876, do hereby appoint William A. Latimer Receiver of "The First National Bank of Sedalia," with all the powers, duties and responsibilities given to or imposed upon a Receiver under the provisions of the Revised Statutes of the United States which authorize the appointment of a Receiver.

In witness whereof I have hereto subscribed my name, and caused my seal of office to be affixed to these presents, at the (U. S.) city of Washington, in the District of Columbia, this tenth day of May, A. D. 1894.
